Dear Harald & Lil - it's been so many years. I hope you remember me, I will never forget either one of you. I still remember all the good talks and good spaghetti squash! I'm living in Erie and teaching 11 + 12th grade U.S. and European History. It's a great job! So Harald you're quite the celebrity — A + E network and Life magazine! I have told many students about the both of you and your work over the years! Four of them are using your books to do reports on now!
I hope you are both well, I would love to hear from you — I have always held you both dearly in my heart!
Love, Kim
